<th>TYPE</th>
</tr>
</thead>
<tbody>
<tr>
<td>PCM-LAN32</td>
<td>10/100Mbps 32-bit Cardbus Fast Ethernet Adapter</td>
</tr>
</tbody>
</table>

**Features**
- Fully Complies with the IEEE802.3, IEEE802.3u and IEEE802.3x industrial standards
- Dongless design, direct connection to LAN without media couplers
- Supports 10/100Mbps auto-negotiation, full and half duplex
- Plug-and-play installation, auto-setup IRQ and I/O address
- Minimal power consumption
- Hot-swappable
- Provides a complete set of diagnostic LED’s
- 2 Year Warranty

### USB 2.0 to Fast Ethernet Adapter

<table>
<thead>
<tr>
<th>MODEL CODE</th>
<th>TYPE</th>
</tr>
</thead>
<tbody>
<tr>
<td>LAN-EU4203</td>
<td></td>
</tr>
</tbody>
</table>

**Features**
- Plugs directly into PC’s USB port or a USB hub
- Small, compact device installs outside the PC
- LEDs monitor port status and network activity
- Automatically detects power requirements of attached device
- 1 Year Warranty

### Wireless Print Server

<table>
<thead>
<tr>

<th>TYPE</th>
</tr>
</thead>
<tbody>
<tr>
<td>PS-1206UWG</td>
<td>1x USB</td>
</tr>
<tr>
<td>PS-3205UWG</td>
<td>2x USB / 1x Parallel</td>
</tr>
</tbody>
</table>

**Features**
- Provides one 10/100Mbps auto-sensing port that complies with IEEE 802.3 and 802.3u standards
- Provides one/three printer ports that can connect to printer’s USB/parallel port
- Supports IEEE 802.11g/b wireless LAN
- Supports TCP/IP, IPX/SPX, AppleTalk network protocols
- Supports IPP, LPR Printing, Peer-to-Peer Printing (TCP/IP), Server-based printing
- Compatible with all major operating systems (Windows 95/98/Me/NT/2000/XP, Unix/Linux)
- Supports DHCP (both client and server) protocol
- Supports bi-directional capability
- Supports Web-based management, Windows Configuration Utility
- 1 Year Warranty
