Powerware 5115RM
Uninterruptible Power System

Product Snapshot

- **Power Rating:** 500-1500 VA
- **Voltage:** 220-240 VAC
- **Frequency:** 50/60 Hz
- **Configuration:** Multi-mount 19” rack, Zero U & wall mount
- **Topology:** Line-interactive

The Powerware 5115 Rack Mount UPS is the ideal high-density power protection solution for servers, storage systems, network equipment and other critical devices. The slim design and wide range of installation possibilities make the 5115RM the most versatile UPS available. Occupying only 1U of rack height, the 5115 conserves valuable rack space for other critical devices while delivering powerful performance.

Unlike other UPSs that use simulated sine wave, the Powerware 5115 Rack Mount provides pure sine wave output during battery operation. As a result, the connected devices continue to receive high quality electrical input and operate smoothly even during power outages. In addition, this unique UPS corrects incoming voltage fluctuations to further protect the connected equipment.

**Features**
- 1U rack conserves valuable rack space
- Unique chassis adapts to rack mount, wall mount, side cabinet (zero U) and bench top applications
- ABM™, prolongs battery life by 50%
- True sine wave output delivers smooth, continuous power
- Load segments - scheduled shutdown of non-critical load
- Hot-swappable user replaceable batteries
- Standard USB and RS232 serial ports extend communication capacity
- X-Slot card communication options
- Software Suite bundled

**Options**
- ConnectUPS-X WebSNMP card with in-built switching hub
- Relay card

**Typical Applications**
- Rack mounted servers
- Network devices
- Storage systems

### Operational

- **Nominal input voltage (Vac):** 220/230/240 Vac
- **Input voltage range:** +20% to 20% of nominal
- **Input frequency range:** 45-65Hz
- **Operating frequency:** 50/60Hz auto sensing
- **Nominal output voltage:** 220/230/240 Vac (user selectable)
- **On utility output voltage regulation:** -10% to +6% of selected nominal voltage
- **On battery output voltage regulation:** +5% RMS
- **Overload (normal operation):**
  - 110% overload, shutdown after 3 minutes
  - 150% overload, shutdown after 3 cycles

### Battery

- **Battery type:** Sealed, lead-acid maintenance free
- **Recharge time:** < 3 hours to 90% usable capacity
- **Start-On-Battery:** Allows start of UPS without utility power

### User Interface

- **LED:** LED status display; AC Power On, Load Group, Overload, On Battery and General Alarm Indicators
- **Standard communications:** 1 x RS232 Serial Port & 1 x USB Port

### Environmental

- **Operating temperature:** 0ºC to +40ºC
- **Storage temperature:** -15ºC to +50ºC
- **Altitude:** < 3000 m
- **Audible noise at 1 metre:** < 40dB typical

### Certification

- **Markings:** CE/UL/C-Tick
- **Safety:** EN 50091-1-1 & UL 1778
- **EMC:** EN 50091-2, EN61000-3-2, C-Tick
