The Slim UNV series NovaView KVM Switches are ideal for managing multiple computers in server rooms where space is at a premium. On Screen Display (OSD) features computer naming, computer selection, status indication, auto scan and much more. Up to 136 servers can be easily managed by cascading multiple KVM switches to expand the capacity. Revolutionised video enhancement technology ensures superb quality up to 1920 x 1440. For secured connection and space saving, these KVM switches require just one HD DB15 VGA connector for each computer connection.

**FEATURES**
- Cascade configuration expands system capability
- 1U-height form factor saves rack spaces
- Unique cables for secured connection
- Auto-scan function automatically selects computer sequentially
- Supports Microsoft IntelliMouse (Pro)
