Enzatec Bluetooth Stereo Headphone (BT501) allows you to wirelessly listen to digital-quality music via your computer, MP3 player, home stereo, mobile phone or any device that supports Bluetooth stereo audio.

The BT501BB is compatible with most Bluetooth-enabled devices, such as cellular phones, PDAs, notebooks, MP3 / PMP / CD / MD players, iPhone 3G or above.

The design of the rotatable ear piece means the headset is comfortable to wear, even for extended periods of time.

**FEATURES**
- Built-in Microphone
- 23mm speaker driver
- Excellent sound quality
- Bluetooth Stereo (A2DP)
- Enjoy fast access to music
- Direct distance 10M
- Built-in Rechargeable Lithium Battery

HEADPHONE WITH ALUMINUM HEADBAND AND MICROPHONE

FEATURES
- Aluminum Headband
- 30mm Neodymium Driver
- Volume Control on Cable
- Open Type Design

DESIGNED FOR COMFORT
The HS101BK headband is designed for comfort - the open type design means minimal pressure is exerted on your ears. The 30mm Neodymium driver generates powerful volume despite its tiny size. The smooth finish shines with a lustre like appearance, energizing your conversation online.

HIGH QUALITY DESIGN
The Innovative Dual-Plug Design means only one cable and one plug for excellent flexibility. The volume control module is embedded on the cable at a distance of 53cm, perfect for you while chatting with friends or changing volume during gaming.

FUNCTIONALITY
The headset has been designed to lay flat on the chest which adds to its comfort and usability.

STYLISH DESIGN
The attractive finish of the headset and the high quality sound it produces, enable you to enjoy your music wherever you are.

DUAL CHANNEL HEADPHONES
WITH HIGH SENSITIVITY MICROPHONE

FEATURES
- Aluminum Headband
- 40mm Neodymium Driver
- Rubber microphone
- Leather cushions

DESIGNED FOR COMFORT
The dual channel design ensures the headband is comfortable even after extended use. The steel core consolidates the strength of the headband and significantly enhances durability.

HIGH QUALITY DESIGN
The 40mm Neodymium speaker drivers with Mylar membranes produce high quality music playback. The modified chambers make the reflection inside the headset much stronger, producing a magnificent quality of sound. The scroll control on the left ear piece makes volume control easy. The High Sensitivity rubber microphone enhances speech accuracy and enables clear voice transmissions.

ADJUSTABLE
The metal rings that suspend the speakers allow the ear pieces to adjust 108 degrees which ensures a comfortable fit.

STYLISH DESIGN
The new H Type extra soft cable has been chosen for its strength and durability.

SPECIFICATIONS

**Speaker:**
- Acoustic System: Closed
- Magnet Type: Neodymium
- Driver Type: 105dB
- Speaker diameter: Dynamic
- Impedance: 32 ohm
- Sensitivity: 105 dB/mw
- Frequency Response: 20-20K Hz
- Rated Power: 30 mw
- Maximum Input Power: 300 mw

**Microphone:**
- Sensitivity: 45 +/- 2 dB
- S/N Ratio: >= 58 dB
- Sound Pressure Level: 110 dB
- Premier computer headset

**Cable:**
- Cable Connection: Single Sided
- Cable Length: 210 cm, 53 cm (Volume Control)
# Ultimate Gamer Headset

## Features
- Dual Steel-Core Rubber Headband
- 40mm Absolutely Clear Drivers
- High Sensitivity Adjustable Microphone
- Alu-Metal Panel on Sides
- Extra Soft Leather Cushions
- Volume Control

## Designed for Comfort
The Dual Channel design ensures the headband exerts the right amount pressure on the ears. The steel core consolidates the strength of headband, which significantly enhances the durability. The rubber casing ensures comfort.

## High Quality Design
The 40mm Neodymium Speakers provide powerful gaming sound effects. The mini high sensitivity microphone enhances transmitting accuracy. The extra-soft foam ear cushions are extremely comfortable for extended wear. The Inline control module makes volume adjustment easy.

## For The Stylish
Anti-scratch Alu-metal on both sides enhances the appearance. The dual plug design means the headset can be used equally as a computer headset or as MP3 headphones.

## Sound Quality
The 40mm Neodymium speaker driver with a Mylar membrane is used in the HS 701, producing high quality music playback.

ULTRA LIGHTWEIGHT FOLDING HEADPHONES

FEATURES
- Folding design
- 360 degree adjustable
- 40mm Neodymium Driver
- 3D Bass effect and Dynamic surround sound

DESIGNED FOR COMFORT
The HS706 headphones fold inward for easy storage. The unique 3D Sound Effect produces strong bass and clear trebles. The super soft and super light ear pieces ensure comfort. The gold plated plug provides excellent transmission and connection.

HIGH QUALITY DESIGN
The audio system consists of powerful magnets and a super light diaphragm that have been designed to produce theatre-like surround sound. The Semi enclosed, flexible ear piece design effectively blocks external noise.

FOR THE TRAVELLER
The amazing Hi-Fi Grade sound quality makes the HS706 headset the perfect choice for travel. The flexible design ensures a perfect fit and the extra-soft foam ear cushions provide extreme comfort and while acting as a noise reducer.

STYLISH DESIGN
The 9 links of the product have been designed using the latest engineering technology for maximum convenience and portability.

PREMIUM HEADPHONES FOR SERIOUS MUSIC LOVERS

FEATURES

- Extra soft ear cushions
- Trendy design
- One-piece Molded Headband
- Noise canceling function

DESIGNED FOR COMFORT

The extra-soft material and the perfect ratio of air and foam used for the ear cushions makes them extremely comfortable to wear. The ear cushions also act as reflecting cavities to enhance the bass effect with great noise canceling functionality.

HIGH QUALITY DESIGN

The 40mm Modified Neodymium Driver is designed for serious music lovers. The sonic equivalent setting generates a powerful bass effect, bringing listeners an on-the-spot music station. The noise canceling function of the closed type design enhances the sound.

STYLISH DESIGN

The extra soft cushions release any tension exerted by the headband. The stylish design of the one-piece molded headband is enhanced by its flexiblity, rigidity and durability.

USB POWERED SPEAKERS

Installed in the tiny body of the SP303 is a powerful 45mm speaker. The big driver occupies all the room inside speaker producing top quality music playback.

You can enjoy your great music wherever you are with these ultra portable USB powered speakers. The Round End design means the speakers are free of sharp angles which make them easy to carry around. You’ll get an exciting full range of sound from these SP303 speakers.

The curved figure and bright green ring are attractive and adorable. It is equipped with externally-connected power supply via USB port and provides specially excellent sound. In terms of acoustics, the shape of the speaker has been designed to minimize stationery waves inside the box in order to raise audio purity. Full-frequency-band USB-powered loudspeakers enhancing output volume.

SPECIFICATIONS

**Speaker:**
- Dimension: 72*72*72mm
- Material: Composite materials
- Weight: 328 g
- Sensitivity: 89 dB +/- 3 dB
- Signal to Noise Ratio: 60 dB
- Frequency Response: 60-20K Hz
- Rated Power: 2W * 2
- Maximum Input Power: 5 w

**Cable:**
- 1 x USB Power Cable
- 1 x Stereo Line
- Length: 1200 mm
- Connector: 3.5 mm Stereo
USB POWERED PORTABLE SPEAKERS

DESIGNED FOR HOME AND PORTABLE USE
The SP304 speakers, with their sleek appearance, are perfect for your desktop - but they're compact enough to take with you wherever you go. Enjoy music, games, movies and online video anywhere, anytime - these speakers work with MAC and PC!

ULTRA BASS
The powerful 40mm drivers produce a high quality of music, with an amazingly loud bass effect.

SUPERIOR SOUND QUALITY
The superior quality sound is produced from a high end 2-way speaker system.

POWERED BY USB
The SP304 Speakers are powered by USB so no external power source is necessary.

FEATURES
- 40 mm powerful Driver
- Elegant Design
- USB Powered

SPECIFICATIONS

Speaker:
- Dimension: 140*60*53mm
- Material: Composite materials
- Weight: 350 g
- Sensitivity: 89 dB +/- 3
- Signal to Noise Ratio: 60 dB
- Frequency Response: 60-20K Hz
- Rated Power: 2.5 * 2w
- Maximum Input Power: 5 w

Cable:
- 1 x USB Power Cable,
- 1 x Stereo Line
- Cable Length: 800 mm
- Connector: 3.5 mm Stereo
STYLISH NOTEBOOK SPEAKERS

The size SP610 is a perfect size for your desktop and the speakers generate extremely powerful music playback. Despite their tiny size they produce an amazingly loud bass effect.

The interaction between the GPX-4 Semi-Alu Drivers and the Pdb-Z Bass Radiators produces outstanding Treble and Bass.

Speakers generate perfect & reliable audio for Notebooks & Netbooks.

High-Quality Acoustic Design - the acoustic design of the rounded cavity minimizes stationery waves inside the box to achieve audio purity.

Aluminum Stand
The speakers produce powerful music generating severe vibration. The aluminum stand of the SP610 completely absorbs all the vibration from speaker units, providing a firm bass effect and eliminates all disturbance to the sound.

FEATURES

- Modern Curvaceous Design
- High-Quality Sound
- Mini 3D Dynamic Bass
- Volume Control

SPECIFICATIONS

Speaker:
- Dimension: 88*66*75mm
- Material: Aluminum & Composite materials
- Weight: 496 g

- Connector: 3.5 mm Stereo
USB POWERED SPEAKER

FEATURES
- Metallic Body
- Uni-Body Design
- Volume Controller
- USB Powered
- Extra Lightweight Radiator
- Back-to-Back Speaker Alignment

ZINC METALLIC SHELL
The Oval-shaped Zinc shell is acoustically designed to perfectly converge sound waves. The Zinc is used in the outer shell of the SP703 and as it has a high molecular density and high resonance rate. The result is a clear, strong sound.

EXTRA LIGHTWEIGHT RADIATOR
Lightweight material is used in the radiator, allowing a powerful Bass effect with minimal aero-momentum.

BACK-TO-BACK SPEAKER ALIGNMENT
The Speaker and Bass Radiator are aligned back-to-back so the sound waves produced from the speaker directly strike the Bass Radiator to create maximum effect.

SPECIFICATIONS

Compatibility
Supports Window2000/EM/NT/XP/Wista/Win7, Mac OS X 10.2 or later versions
Dynamic Optical Mouse
The DYNAMIC Optical Cable Mouse is sleek and eye-catching in appearance and performs superbly. The DYNAMIC mouse outclasses previous models of cable mice with its high resolution and perfect antiskid and waterproof features.

Wave Sensor
Works everywhere! Wave sensor works on all kinds of surfaces - super glossy surfaces, wood, material, even skin!

Ergonomical Design
Extremely comfortable to use. The rubber grip on the sides enhances control and the innovative design ensures the mouse comfortably fits the hand lessening fatigue even after extended use.
