The original Playon!HD Mini, now updated to take the Full HD Network Media Streamer a class forward.

The Playon!HD2 Mini is the next generation of network media streamer, taking your digital entertainment to the next level. Stream all your media files from your attached media storage or over your network, and enjoy them directly in the comfort of your living room.

The Playon!HD2 Mini makes digital entertainment at home easy. Enjoy more interaction with friends through Facebook, Twitter, MSN and Skype. Stream the world into your living room with the WePlayon! portal, for the best online content. The unique and intuitive Playon! GUI2.0 allows users to navigate through all the exceptional features with ease.

Building on the success of the original world’s first, Playon!HD, the Playon!HD2 Mini is the first Full HD Network Media Player to feature Realtek’s latest processor. Enjoy the pure performance of Gigabit Wired Networking for the very best in media streaming. Wireless networking is also supported with optional Wireless-N via an external adapter. Selected models will feature built-in Wireless-N via a PCI-e port with dual antennae for supreme wireless connectivity.
