

2-in-1 Bluetooth[®] Wireless Audio Transmitter and Receiver

Built-in Battery | Easy to Install | 10m Working Range

bluSonic-2 is a portable 2-in-1 Bluetooth receiver and transmitter which provides superior audio quality. bluSonic-2 is very simple to use and allows any Bluetooth-enabled music device to connect to both Bluetooth or non-Bluetooth devices. bluSonic-2 may be used as a Bluetooth Audio Receiver(RX), that turns any non-Bluetooth device like home stereo systems into a Bluetooth enabled streaming device or as a Bluetooth Audio Transmitter(TX) to allow a non-Bluetooth enabled device transmit audio to a Bluetooth speaker system or headphone device. With its compact design and rechargeable feature, this is a reliable item that is available whenever and wherever you want to use it.
