GIGABIT ETHERNET CONVERTER
1000FX Fibre to 1000TX Fast Ethernet

FEATURES
• Complies with IEEE 802.3ab, IEEE802.3z industrial standards
• Provides 100Mbps UTP and fibre media link
• Fibre connectivity of up to 550m Multi-mode 50 micron cable
• Transparent translation between different media segments
• Complete sets of diagnostic LEDs
• Plug and play installation
• Warranty 1 Year

SPECIFICATIONS
• 100Mbps UTP Port : RJ-45 x 1 (Auto MDI/MDI-X)
• 100Mbps Fibre Port : ST x 1
• Fibre Media : Multi-mode Fibre
• Wavelength : 850nm
• Distance : 550m
• LEDs : Power, Full Duplex, Fibre Link/Activity, UTP Link/Activity
• Dimensions : 24(H) x 123(W) x 84(D) mm
• Power : External 12VDC, 0.5A
• Operating Temperature : 0-45 °C
• Operating Humidity : 10-95 % (Noncondensing)
• Certification : FCC Class A, CE Mark, C-Tick
