**FEATURES**
- IEEE 802.3af-compliant PoE splitter
- Can be used to connect non-PoE IEEE 802.3af-compliant devices to a PoE injector or PoE switch
- Output current, selectable: 5 V DC or 12 V DC
- Output power, max: 19.2 W
- 10/100 auto-sensing input port — automatically detect optimal network speeds
- RJ-45 input port with Auto-MDIX and NWAY auto-negotiation support
- Full/half duplex operation
- Compact metal case
- LED for link on PoE input port

**FEATURES**
- Ideal when AC power is not available
- Supports all IEEE 802.3af-compliant PoE devices
  - Wireless LAN access points and bridges
  - Wireless LAN/WiFi amplifiers and amplified antennas
  - VoIP (Voice over Internet Protocol) telephones
  - IP surveillance cameras
- Supports IEEE 802.3af detection and short circuit, overload and high-voltage protection

**EZ Connect™ 200 Mbps Powerline Ethernet Hybrid Adapter**

- Ideal when AC power is not available
- Supports all IEEE 802.3af-compliant PoE devices
  - Wireless LAN access points and bridges
  - Wireless LAN/WiFi amplifiers and amplified antennas
  - VoIP (Voice over Internet Protocol) telephones
  - IP surveillance cameras
- Supports IEEE 802.3af detection and short circuit, overload and high-voltage protection

**FEATURES**
- Supports up to 16 Power-line devices communicating on a single network
- Saves time and money in wiring the home and configuring the network.
  - Turn each power outlet into a network connection point.
- Ideal for IPTV and multi-channel HDTV and SDTV distribution
- Pre-configured hardware for immediate connectivity
- Minimizes interference from other household appliances and maintain high performance
- 128-bit Encryption
