Patrol is an innovative and a powerful device that combines three different products, a battery pack, car jump-starter and an LED Flashlight altogether in one compact design. Patrol can be a great companion on long drives, extended /lights and long business meetings. If your car won’t start, don’t call a tow truck service or wait on the side of the road for help. Simply take your Patrol with the jumper cables and connect the clamps to your car battery and start it in a matter of seconds. Jump-start your car battery upto 20 times on a full charge. The ultra-bright LED /light will help you in the dark, and most importantly an SOS signal /light that will last up to 120 hrs. for when you’re outdoors and in need of emergency help. With Patrol, convenience is at its best.

Specifications:
- Capacity: 13500mAh
- Battery Type: Li-Polymer
- Input: DC 19V-24V
- Output: DC 12V for Car
- DC 19V/3A for Laptop
- DC5V/2.1A for USB
- Start Current: 150A
- Peak Current: 200A

**Packing Contents**
- Patrol
- Charging Cable
- Jump Start Cable
- User Guide

**Compatibility**
- Light vehicles
- USB powered devices
- Smartphones, tablets and laptops
