proLink.OTG is a multifunctional hub compatible with most Micro-USB OTG devices. It compiles 3 USB ports, MSD and SD card slots. Its' plug and play option allows you to experience all the functionalities at the same time. Plug a mouse or a keyboard, browse your information from a Card or connect to your USB device. Enjoy full access, data transfer between storage devices and even smartphones, without any additional cables or plugs. Simply connect proLink.OTG and have instant access to all your files and cards On-The-Go.
