<tbody>
<tr>
<td><strong>MODEL CODE</strong></td>
</tr>
<tr>
<td>BF-810Y</td>
</tr>
</tbody>
</table>

**FEATURES**
- Supports remote wake-up and power management
- Smart USB to RS-232 (DB 9-pin male serial port) interface
- Supports serial modems, PDAs, cell phones, digital cameras, card readers
- Supports RS-232 serial interface
- Over 1Mbps data transfer rate
- No IRQ resource required
- No separate power supply or battery required
- Plug and play
- Supports Windows 98/Me/2000/XP/Server 2003 and Vista

<tr>
<td>LAN-EU4203</td>
</tr>
</tbody>
</table>

**FEATURES**
- 10x faster than USB 1.1 to Fast Ethernet adapters
- Adds a network connection
- Supports both desktop and notebook computers
- Hot swappable
- Full duplex with auto-speed detection
- Low power consumption via USB bus
- Built-in USB 2.0 cable
- Active LED indicators
- Lifetime Warranty
- Plug and play
- Supports Windows 2000/XP/Vista/Linux
